Furniture that tells your story

CRAFTED IN GOA

As design becomes increasingly fast and forgettable, Tasha reclaims the value of restraint and craft.

Built on the philosophy of slow creation, every piece is shaped with intention and respect for material. Founded by Shafi & Reshma, Tasha is driven by a belief that wood is more than a surface—it is a medium of expression, memory, and permanence

MAIA - DINING TABLE

Crafted in rich solid teak wood and finished in a deep matte black, the Maia Table embodies quiet strength and feminine elegance. Its minimalist form is elevated by the natural grain of teak subtly peeking through the dark finish—bringing a balance of raw materiality and refined design.
